

JEFRY KURNIAWAN

Phone: 0821 26 229 978
jefrykurniaone@gmail.com

A dedicated **Software Developer** with over **four years** of experience specializing in **.NET development (VB.NET, C#)** and **SQL Server**. Currently working as a **Software Developer at Xtremax Indonesia**, with previous roles as **Staff Programmer at PT. Arkamaya** and **.NET Developer at NawaData**. Highly skilled in **database management, query optimization, and backend development**. Committed to delivering **efficient and innovative** software solutions that meet **high-quality standards and support business objectives**.

INFORMAL AND FORMAL EDUCATION

Coding.ID

.NET Programmer Class

Nov 2019 - Jan 2020

Bachelor's degree

Widyatama University,

2018-2020

System Information

3.63 (out of 4.00 GPA scale)

Diploma Degree

Telkom University,

2013-2017

Majoring Informatic Management

3.26 (out of 4.00 GPA scale)

Senior High School

SMAN 03 Kayuagung

2010-2013

PROFESSIONAL EXPERIENCE

PT Xtremax Teknologi Indonesia

Jul 2025 – Present

Software Developer I - Backend

Jul 2025 – Present

- **Backend Development:** Designing and developing backend systems for dynamic, high-performance applications, ensuring seamless integration with front-end systems.
- **CMS Sitefinity Implementation:** Customizing and optimizing Sitefinity CMS features to deliver high-quality client solutions.
- **API Development & Integration:** Developing RESTful APIs and integrating third-party services to enhance client website functionality.
- **Database Management:** Optimizing SQL queries and ensuring efficient database interactions for large data volumes.
- **Testing & Debugging:** Conducting thorough unit tests and resolving issues promptly to maintain application stability and quality.

- **Collaboration:** Working with cross-functional teams to meet project requirements and deliver exceptional user experiences.

PT Arkamaya

Dec 2024 – Jul 2025

Staff Programmer

Dec 2024 – Jul 2025

- **Application Development:** Building and developing software applications according to project needs, ensuring that the applications are efficient, secure, and easy to maintain.
- **System Maintenance and Updates:** Performing routine maintenance and updating to existing systems to improve application performance and ensure compatibility with the latest technologies.
- **Testing and Debugging:** Conducting unit testing, debugging, and code optimization to ensure that applications run smoothly and are free from bugs.
- **Team Collaboration:** Working collaboratively with other development teams, both internal and external, to create software solutions that meet high-quality standards.
- **Documentation:** Creating clear and detailed technical documentation for each developed application to facilitate future maintenance.
- **Database Management:** Managing and optimizing database usage for efficient data handling and developing queries to support application needs.
- **Problem Solving:** Addressing technical issues that arise during development or maintenance and providing effective and swift solutions.

PT Nawa Data Solutions

Oct 2023 – Juli 2024

Technical Lead

Jan 2024 – Juli 2024

- Manage teams of developers on technical aspect to ensure projects are delivered on time and within budget.
- Organize technical work by breaking it down into tasks and distribute the tasks for the rest of team.
- Help on project plans and timelines in coordination with PM or Product Owner.
- Help on **system design** creation in coordination with BA.
- Create **technical specification documents** in coordination with BA based on functional specification document (FSD)
- Lead technical design meeting and tech breakdown.
- Perform code review on pull/merge request using GIT.
- Ensure best practices are implemented and followed.
- Help other developers remove their blockers (issues or bugs).
- Coding high-quality program.
- Deploy Application to IIS in Development/Testing Server (Windows Server in Azure VM).

.Net Developer OneRisk Engineer

Oct 2023 – Juli 2024

- Create **functional specification document** in coordination with BA based on RED (Requirement Elicitation Document).
- Develop, analyze, and test software that meets requirements on system design and ensure all processes are fit for their purpose.

- Inspect software defects in active systems.
- Test and fix production issues in active systems.
- Attend the meeting and, if need be, explain the technical breakdown of the proposed solution to the problem.
- Create deployment guideline document.
- Update the daily task report.

PT Xtremax Teknologi Indonesia

Nov 2022 – Aug 2023

Associate Software Engineer (.Net)

Nov 2022 – Aug 2023

- Create **functional specification document** in coordination with BA based on RED (Requirement Elicitation Document).
- Develop, analyze, and test software that meets requirements on system design and ensure all processes are fit for their purpose.
- Inspect software defects in active systems.
- Test and fix production issues in active systems.
- Attend the meeting and, if need be, explain the technical breakdown of the proposed solution to the problem.
- Create deployment guideline document.
- Update the daily task report.

PT Nawa Data Solutions

Feb 2020 - Nov 2022

.NET Developer

Feb 2020 - Nov 2022

- Coding high-quality program that meets requirement on system design and follows best practice.
- Automate testing using Katalon.

TECHNICAL SKILLS

- .NET
- .NET Framework
- ASP.NET
- C#
- Typescript
- VB.NET
- Microsoft SQL Server
- Git
- SSIS
- SSRS
- Sitefinity
- HTML, CSS, JavaScript
- jQuery
- AJAX
- PHP
- CodeIgniter
- MySQL

PROJECTS EXPERIENCE

PT Xtremax Teknologi Indonesia

Software Developer I - Backend

Jul 2025 – Present

- Yellow Ribbon Singapore Website (Nov 2022 - Aug 2023)
 - Sitefinity
 - C#
 - .Net Framework MVC
 - HTML, CSS, JavaScript
 - Microsoft SQL Server
- Public Service Commission Website (Nov 2022 - Aug 2023)
 - Sitefinity
 - C#
 - .Net Framework MVC
 - HTML, CSS, JavaScript
 - Microsoft SQL Server

PT Arkamaya

Staff Programmer

Dec 2024 – Present

- Unpacking Direction TTLT
 - PHP
 - CodeIgniter
 - jQuery
 - AJAX
 - HTML, CSS, JavaScript
 - MySQL
 - GIT
- Sustainability TAM (Event Management)
 - C#
 - ASP.NET MVC
 - HTML, CSS, JavaScript
 - jQuery
 - AJAX
 - Microsoft SQL Server
 - GIT
 - Unit Test N-Unit
- HRIS JOB Tomori
 - C#
 - ASP.NET MVC
 - HTML, CSS, JavaScript
 - jQuery
 - AJAX
 - Microsoft SQL Server
 - GIT
 - ASP.NET API
 - XML SOAP API
- Trainer TDK Framework TMMIN
 - C#

- ASP.NET MVC
- HTML, CSS, JavaScript
- jQuery
- AJAX
- Microsoft SQL Server

PT Nawa Data Solutions

Technical Lead

Jan 2024 – Juli 2024

- RBBR Super Bank (Jan 2024 – Juli 2024)
 - ASP.NET Web Forms (.NET Framework) - Visual Basic
 - SSRS
 - SSIS
 - HTML, CSS, JavaScript
 - Microsoft SQL Server
 - GIT
- OPRISK Super Bank (Mei 2024 – Juli 2024)
 - ASP.NET Web Forms (.NET Framework) - Visual Basic
 - SSRS
 - SSIS
 - HTML, CSS, JavaScript
 - Microsoft SQL Server
 - GIT

.Net Developer Onerisk Engineer

Oct 2023 – Jan 2024

- RBBR Super Bank (Oct 2022 – Jan 2024)
 - ASP.NET Web Forms (.NET Framework) - Visual Basic
 - SSRS
 - SSIS
 - HTML, CSS, JavaScript
 - Microsoft SQL Server
 - GIT

PT Xtremax Teknologi Indonesia

Associate Software Engineer

Nov 2022 – Aug 2023

- Public Service Commission (Nov 2022 - Aug 2023)
 - Sitefinity
 - C#
 - .Net Framework MVC
 - HTML, CSS, JavaScript
 - Microsoft SQL Server
- Agency for Science, Technology and Research (Feb 2023 - Aug 2023)
 - Sitefinity
 - C#
 - .Net Framework MVC
 - HTML, CSS, JavaScript
 - Microsoft SQL Server
- Defense Science and Technology Agency (Mar 2023 - Aug 2023)

- Sitefinity
- C#
- .Net Framework MVC
- HTML, CSS, JavaScript
- Microsoft SQL Server

PT Nawa Data Solutions

.NET Developer

Feb 2020 - Nov 2022

- ORMS Adira Insurance (Feb 2020 - Nov 2022):
 - ASP.NET Web Forms (.NET Framework) - Visual Basic
 - SSRS
 - SSIS
 - HTML, CSS, JavaScript
 - Microsoft SQL Server
 - GIT
- ORMS BTPN (Feb 2020 - Nov 2022):
 - ASP.NET Web Forms (.NET Framework) - Visual Basic
 - SSRS
 - SSIS
 - HTML, CSS, JavaScript
 - Microsoft SQL Server
 - GIT

Coding.ID

.NET Developer Class

Nov 2019 - Jan 2020

- Nawa Point Web Application (Jan 2020):
 - ASP.NET MVC (.NET Framework) - C#
 - Microsoft SQL Server
